

THE ROUND TABLE: CHILDREN'S MENTAL HEALTH ASSOCIATION

Board Member Application

Thank you for your interest in becoming a board member of The Round Table, a Children's Mental Health Association dedicated to providing essential mental health services to families in North Dakota. Please fill out the following application to be considered for a position on our board.

Mission Statement

North Dakota is considered a "rural" state with a relatively small population and very limited mental health services. While distance and a limited number of qualified professionals serve as barriers to care, The Round table also acknowledges the reality that many North Dakota families are under-insured, uninsured and/or financially unable to pay the fees associated with mental health counseling services. The Round Table was established to provide opportunities for children and families to receive services to make changes for their family's mental health. Our services will include counseling services, teen job skills, parent education, and holistic services such as fitness and nutrition. The whole-body approach will allow for long term mental health stability.
